

2018 TMAC Board Elections

Nominated Positions:

President Elect

Sharon Brown MSN, RN, CCRN, TCRN, ONC

Clinical Director II, Emergency, Trauma, ICU and Burn, Arrowhead Regional Medical Center

I would like to serve as President Elect to support the current President, board and members. This role will allow me to further the great work of what past TMAC board members have done to expand and advance the organization.

Bio:

Sharon has worked in the trauma nursing field for over 15 years in various roles at Arrowhead Regional Medical Center. During this time she has attended several trauma-related conferences and seminars to further her knowledge of trauma nursing care. She is currently an instructor for ATCN and implemented the Stop the Bleed program at ARMC. Although her role has broadened in terms of nursing scope, trauma always has and always will be her passion.

ARMC is a 456-bed university-affiliated, Level II ACS verified trauma center and regional burn center. Annual trauma volume is between 3300 and 3600 patients.

Treasurer

Wendy McEuen, RN, MSN, CEN, TCRN

Trauma Outreach and Injury Prevention Coordinator, Riverside Community Hospital

I am submitting my application for the position of TMAC Treasurer. If selected I will work with the other board members to facilitate TMAC business.

Bio:

Wendy currently works as Trauma Outreach and Injury Prevention Coordinator. She holds National certifications in Emergency and Trauma nursing. She has 15 years experience in the Emergency department including staff nurse, charge nurse, MICN and Educator.

☐ Director at Large for EMS

Shanna Kissel, MSN, RN

Assistant Nurse Manager/Trauma System Coordinator, Riverside County EMS Agency

I am currently in the position of Director at Large – EMS and would like to continue collaborating with Trauma Programs throughout the state to improve trauma patient care.

Bio:

Shanna is currently the Assistant Nurse Manager/ Traume System Coordinator at Riverside EMS Agency and has both hospital and System EMS experience. She worked in the Emergency Department for 4 years prior to transitioning into Trauma Performance Nurse / Injury Prevention Coordinator for 4 years. She has been in her current position for the last 4 years, in which she works with Trauma centers to develop policies, education and assists with preparation for ACS consultations/verifications.
